

Rahr Old World Pils

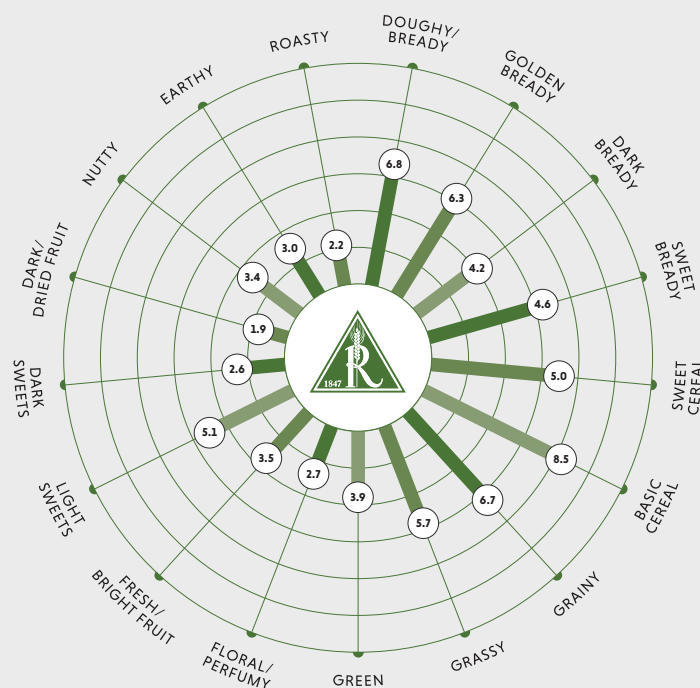

Made from North American grown 2-row barley, Rahr Old World Pils shares many of the properties brewers prize in Bohemian-style Pils malts. Its slow germination means the malt kernel retains a greater amount of insoluble protein, leading to a robust flavor profile, healthy yeast, and enhanced foam stability.

Due to its low diastatic power, Rahr Old World Pils possesses unique advantages when performing a step-mash. For full-flavored Pale, Amber, and Dark Czech Lagers that stand the test of time, Rahr Old World Pils belongs in your brewhouse.

The Backbone of Classic Beer Styles

Rahr Old World Pils is available in sacks, totes, and bulk. Backed by over 176 years of Rahr quality, expertise, and customer service, it delivers fantastic malt flavor and foam stability in all your favorite lagers.
