

# IDAHO 7™

American

**Origin:** USA. An experimental variety from Jackson Hop Farm in Wilder ID, first released in 2015.

**Usage:** Primarily aroma and dry hopping due to its potent aroma and flavor, but high enough alpha acids to contribute good bitterness. Excellent as a single hop or part of a blend for IPA, pale ale, and hop-forward American wheat beers.

**Aroma & Flavor Characteristics:** Juicy tropical fruit and citrus (apricot, orange, red grapefruit, papaya) with big notes of resiny pine and hints of black tea.

## SENSORY HIGHLIGHTS

**Citrus**  
**Black Currant**  
**Earthy**

## BREWING VALUES

Alpha Acid Range: 11.5 - 13.5%
