

# SORACHI ACE

American

**Origin:** USA. Originally developed in the 1980s in Japan for Sapporo, recent years have the hop gaining acreage in the Pacific Northwest. Its parentage includes Brewers Gold, Saaz, and Beikei No. 2.

**Usage:** Dual purpose. With a potent alpha acid level, Sorachi Ace is a more than capable bittering hop. Its unique aromatics make it welcome in styles that embrace bright citrus citrus character: saison, witbier, and exotic riffs on IPA.

**Aroma & Flavor Characteristics:** Potent and distinctive with a suggestion of dill with unmistakable overtones of lemon that can include wood polish, fruit pith, and Lemon Zinger tea.
