

Rahr To Thee! Pils™

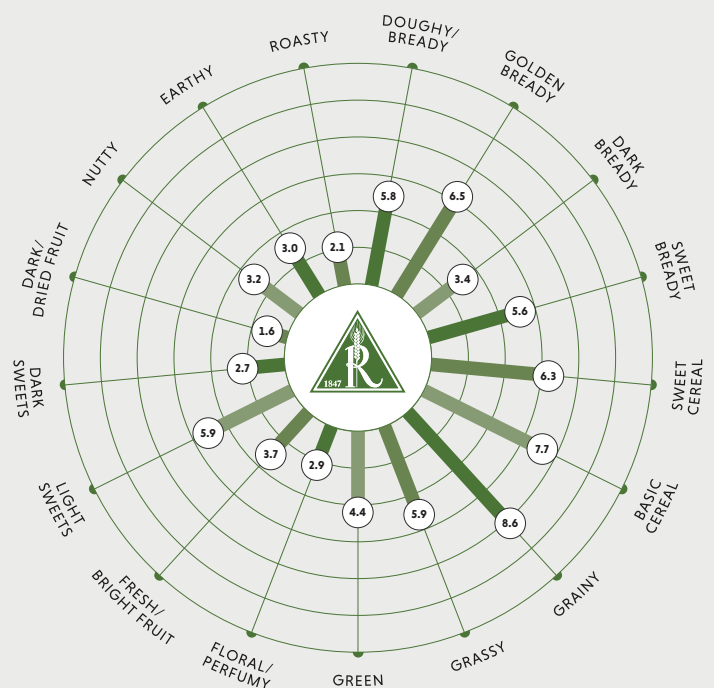

To Thee Pils™ is our toast to the generations of brewers we've worked with throughout our history. Produced in Alix, Alberta with Canadian-grown barley, To Thee is a low color pilsner malt designed for brewing pale, crisp beers that let hop and yeast character take the spotlight.

Rahr To Thee is appropriate wherever a pilsner malt with low color and low modification is desired. It is an ideal base malt for classic continental lagers, craft lagers – lagers of all types, truly. Its profile delivers hints of grain, dough, golden bread, and sweet cereal alongside a slight nuttiness.

Dedicated to the Brewers Who Make Beer Happen

Rahr To Thee was developed in honor of the North American brewers we've worked with throughout our long history. It is available in sacks, totes, and bulk. Backed by over 177 years of Rahr quality, expertise, and customer service, it provides a solid foundation for classic and craft lagers alike.
